SPECIALTY COATING SYSTEMS

MACoat

ABOUT MACoat.

Ideal for areas with heavy foot traffic, MACoat is a fiberlath reinforced deck system, engineered for use on elevated concrete and reinforced plywood walking decks. When sealed, MACoat offers a durable waterproof coating specified for use on balconies, corridors, stairs, plazas, and landings. MACoat delivers superior durability and tough performance in hotels, condominiums, apartments, office buildings, and homes.

ULTRA-TOUGH. PROTECTIVE.

- Waterproof
- Flexible
- Wide range of colors and textures
- Fast access after installation
- Skid resistant textured finishes

FOR PROFESSIONAL USE ONLY.

Class A Fire Rating Over Concrete | Meets AC-39 for Walking Decks

Lightweight

Designed for use on elevated concrete and many plywood walking decks, MACoat weighs less than one pound per square foot when installed.

Waterproof

A combination of our fiberlath, a proprietary acrylic waterproofing resin mixed with a specially formulated cement, and sealed with an acrylic topcoat, MACoat provides long-lasting protection.

Helps eliminate slipping

Ensure safe pedestrian traffic in a variety of conditions. MACoat's textured finish provides a skid resistant surface for added safety.

Fast access after installation

Spend less time waiting. MACoat dries quickly for fast access during and after installation.

Great for old or new surfaces

Easily rehabilitate problem surfaces. In many cases, MACoat can be applied over existing deck systems, saving time and labor. MACoat works equally well on new surfaces and comes in a wide variety of colors and textures.

Versatile

Install over concrete or reinforced plywood. MACoat Under Tile waterproofing system also available.

MACoat Standard

Primer Fiberlath Base Slurry Standard Topcoat

MACoat Custom

Primer Fiberlath Base Slurry 1st Slurry 2nd Custom Texture and Finish
